VIKING HAS A WEALTH OF EXPERIENCE  
STAFF WAITING TO ASSIST YOU!

## GOLF

Since the beginning we have offered a complete solution of irrigations needs, from the initial planning through to the final installation. This year, we have added pump stations to our list of products, this allows Viking to supply our customers with a total integrated irrigation solution.

Viking has also become a leading supplier of golf products. Through a long list of superior products we are able to furnish your golf course needs.

Through recognition of the complexity and the importance of fertilization, Viking expanded to include complete array of services such as soil samples, and tissue samples followed by a detailed fertilizer program custom designed for each individual's needs.

## RES/COM

Founded in 1988, Distribution Viking is a leader in the distribution of horticultural products in Quebec and eastern Ontario.

Distribution Viking offers you a vast array of products related to irrigation (commercial, residential, agricultural, plumbing, and fittings) to sports fields (recycled plastic furniture, accessories, grass seed, fertilizer, pesticides and more!).

Exterior 12 volt lighting, as well as drainage products and all that is required for the realization of water basins, cascades, fountains and water parks are all found here.
